PROJECTS

Dream11 – HTML5 | Tailwind CSS | JavaScript | ReactJS – Source Code

The website lets users build their dream cricket team with an interactive player management system and a gamified coin feature. Browse, select, and manage players seamlessly while enjoying an engaging and visually appealing design.

Peddy - Pet Adoption Platform – HTML5 | Tailwind CSS | API | ES6 | JS – Source Code

It's an online web based service designed to connect individuals looking to adopt pets with animals in need of homes. The platform allows users to browse pictures of pets available for adoption, filter by breed and price is also available.

Knowledge-Cafe – HTML5 | Tailwind CSS | ReactJS – Source Code

It's a knowledge-sharing platform, where users can read blogs and articles on various topics. Each blog has details like estimated reading time and publishing date. The sidebar shows the user's engagement stats.
